

# Store your stuff the easy way...

edward baden   
relocations

We deliver crates to you, you pack them, we pick them up, store them, then deliver them wherever you need us to. Secure, easy and safe.

We offer you a service where we store your books, clothes or whatever you need to store in hard wearing, lined plastic crates. Plastic crates give more protection than boxes and are easier for you to move and pack.

### How it works:

- 1) Tell us how many crates you need
- 2) We deliver the crates to you directly
- 3) We pick up the crates and take them to our secure storage facility - each crate has a numbered, tamper proof seal so they are secured and easily traced - your stuff couldn't be safer!
- 4) We deliver your crates back when you need them - we deliver nationwide so even if you are changing residence or going back home, we can deliver wherever you need us to.

### How do I book my crates?
