A variety of classrooms and lecture theatres are available on both campuses and are supported by a full range of audio-visual equipment and in-house technicians. These facilities are ideal for study groups or informal group gatherings. A number of social spaces are available for evening activities.

explore

Set in 300 acres of woodlands and landscaped gardens, the Streatham Campus is recognised as one of the most beautiful and interesting botanical gardens of any British university.

Established in the 1860's by the Veitch Family, the gardens are a veritable feast of trees, shrubs and plants from across the globe. The Campus itself features lakes, parkland, woodland and gardens, interspersed with rare species of all varieties.

Led by an experienced guide, groups not only have the opportunity to see some of the wonderful plant collections, but also gain a unique insight into the history of the University grounds.

Guided tours normally last between 60-90 minutes but bespoke tours can be arranged to accommodate specific group's needs/interests.

energise

The University boasts an exceptional range of sports facilities on campus including a main sports hall, outdoor multi-use games area, hockey pitch, rubber crumb and sand pitches. Indoor facilities include a tennis centre and a cricket centre. We also have both an indoor and outdoor swimming pool, which guests can use.

Facilities are available on either a casual basis or pre-booked to meet your individual requirements (groups of 15 or more must pre-book).
