Terms of Reference

1. Oversee the development, implementation and management of the University's Education Strategy and provide assurance for Council via the independent lead.
2. Provide oversight for University learning, teaching, quality assurance and student experience performance, including the management and mitigation of associated risks.
3. Provide a sounding board or 'critical friend' for the DVC Education and Education and Student Experience Directorate during the development of new policy, process, and initiatives or during the process of significant change.
4. Provide expert advice for engaging stakeholders in the development and implementation of the Education Strategy and/or specific initiatives within the strategy e.g. Widening Participation
5. Provide oversight for the continuing and long term performance of the University's Student Recruitment and Admissions processes
6. Provide oversight of the University's requirements under the Quality Assurance Operating Model and provide advice and support to Council in undertaking its quality duty
7. Consider the University's Strategy for participation in the Teaching Excellence Framework including oversight of the University's metrics and provider submission; and other external scrutiny of the University's education performance
8. Consider University responses to education or student experience focussed national consultations, provide advice where appropriate.
9. Consider new ideas for improving services and support for academics and students
