

HEaTED REGIONAL GROUPS GETTING STARTED

go to www.nationalstemcentre.org.uk/heated
and click on your region

- complete the registration form using the categories that match closest e.g. age group should be post-16, select the discipline closest to your job/background (this will only take a few minutes)
- once you have completed the form please revisit the group and click on red 'join this group' box. If you have already been invited to join then you will be connected – you should then bookmark this as your HEaTED Online Group
- if you have not already been invited to join the group then you will need to wait for us to authorise your request to join, we will notify you of this by email
- once you have joined the group you can post comments, replies and share resources with members from other HEIs in your region

HEaTED ONLINE GROUPS

WHAT ARE THEY?

The HEaTED Online Groups support the HEaTED Regional Networks. You can find them at www.nationalstemcentre.org.uk/heated

The groups are categorised regionally and overseen by our Regional Network Coordinators, allowing members from across the region to communicate with each other.

Reasons for joining the group:

- read regional network event reports and view all related presentations
- raise discussion points around the regional network event and report – especially useful for members that cannot attend events
- allow members to raise hot topics with colleagues from across the region
- ask other HEaTED members for help and support
- share ideas and resources
- share news
- share job vacancies
