Sex discrimination law; employment law

DR ATINA KRAJEWSKA • 01 326 253765 • a.krajewska@exeter.ac.uk

International and European biomedical law; comparative public and human rights law; data protection law

DR KAREN MCAULIFFE • 01 326 253784 • k.mcauliffe@exeter.ac.uk

Law and language; legal translation; EU institutions; relationships between language, law and translation in the EU legal order

PROFESSOR JENNY MCEWAN • 01 392 723 162 • j.a.mcewan@exeter.ac.uk

Evidence, particularly criminal trials; criminal law

PROFESSOR ANTHONY MUSSON • 01 392 723362 • a.j.musson@exeter.ac.uk

Law in history; legal culture; criminal law; criminal justice; legal profession

DR ONYEKA KINGSLEY OSUJI • 01 326 253783 • o.k.osuji@exeter.ac.uk

Company law; corporate governance; corporate social responsibility; consumer law; contract law; commercial law; regulation

SUSAN PRINCE • 01 392 723382 • 07970 953521 • s.j.prince@exeter.ac.uk

Mediation in civil cases; alternative dispute resolution and mediation

DR AUREL SARI • 01 326 254301 • a.sari@exeter.ac.uk

Public international law; status of forces agreements; European Union security and defence policy

PROFESSOR ANDREW TETTENBORN • 01 392 723 189 • 07729 266200 • a.m.tettenborn@exeter.ac.uk

Private law; contract and tort; compensation

PROFESSOR LIZ TRINDER • 01 392 723379 • e.j.trinder@exeter.ac.uk

Family law and policy, especially divorce and separation; socio-legal research methods

PROFESSOR MELANIE WILLIAMS • 01 326 253745 • m.l.williams@exeter.ac.uk

Law, ethics and literature; discourse and cultural theory; jurisprudential and feminist approaches to some issues in criminal law and medical law

POLITICS (UK) (See 'International' on page 32 for international politics)

DR SUSAN BANDUCCI • 01 392 723 165 • s.a.banducci@exeter.ac.uk

Electoral politics; campaigns and elections; women and politics; survey research

DR VICTORIA BASHAM • 01 326 253743 • v.m.basham@exeter.ac.uk

British civil-military relations; military personnel policies; gender, sexuality, ethnicity and armed forces; British counter-terrorism policy; counterinsurgency; militarisation and militarism

DR MARY-ALICE C. CLANCY • 01392 725252 • m.a.c.clancy@exeter.ac.uk
Northern Ireland; ethnic conflict; peace processes; US foreign policy; Irish politics; British politics

DR TIM COOPER • 01326 253760 • t.cooper@exeter.ac.uk
English urban and political history in the 19th and 20th centuries; history of radical politics and environmentalism

PROFESSOR TIM DUNNE • 01392 723170 • t.j.dunne@exeter.ac.uk
Human rights; UK and EU foreign policy

PROFESSOR IAIN HAMPSHER-MONK • 01392 723172 • i.w.hampsher-monk@exeter.ac.uk
History of political ideas, especially British 17th and 18th Centuries; Edmund Burke; contemporary political philosophy

DR OLIVER JAMES • 01392 724504 • o.james@exeter.ac.uk
Civil service; central and local government; public sector reform; quality of public services (including health and education); regulation of public and private sectors; public perception of public services

PROFESSOR JEFF KARP • 01392 723183 • j.karp@exeter.ac.uk
Electoral politics

PROFESSOR ANDREW THORPE • 01392 724396 • a.j.thorpe@exeter.ac.uk
20th and 21st century British political history; British politics and elections; the Labour Party; the Conservative party; the Liberal party; political extremism in Britain, Communism/Fascism; British politics in World War II

DR RICHARD TOYE • 01392 722396 • r.toye@exeter.ac.uk
Modern British politics, especially the history of the Labour Party; Winston Churchill; history of the UN

Regional politics since the 1880s

DR JILL WITTROCK • 01392 723166 • j.wittrock@exeter.ac.uk
Electoral systems and electoral reform; European Parliament elections; voting behaviour. Prehistoric and experimental archaeology; political uses of archaeology; gender and archaeology; archaeological artefacts and material culture

PSYCHOLOGY

PROFESSOR ROBERT BURDEN • 01392 724795 • 07595 025667 • r.l.burden@exeter.ac.uk

Most aspects of child development, particularly adolescence; learning difficulties, especially dyslexia; emotional development and trauma; children's perspectives on education and family life; children's self esteem; starting or changing school

DR CRIS BURGESS • 01392 724627 • c.n.w.burgess@exeter.ac.uk

Driving and motorcycle riding behaviour; retraining intervention for dangerous drivers/motorcycle riders; novice and advanced driver training

PROFESSOR ALEX HASLAM • 01392 724618 • a.haslam@exeter.ac.uk

Issues relating to group identity and group processes in organisations and society; leadership; motivation; decision-making; communication; performance; diversity; stress

DR CATHERINE HASLAM • 01392 724643 • c.haslam@exeter.ac.uk

Memory; rehabilitation of memory; memory and identity processes; reminiscence; health and well-being; residential care

DR NATALIE HEMPEL DE IBARRA • 01392 724610 • n.hempel@exeter.ac.uk

Animal behaviour; animal senses

PROFESSOR STEPHEN LEA • 01392 724612 • s.e.g.lea@exeter.ac.uk

Psychology of debt; psychology of scams and frauds; animal cognition and animal behaviour, especially in pigeons, chickens and cormorants; bird vision; psychology of gifts, including Christmas gifts

DR LISA LEAVER • 01392 724641 • l.a.leaver@exeter.ac.uk

Animal behaviour; foraging, food caching and social behaviour of small mammals

PROFESSOR THOMAS LYNCH • 01392 722498 • t.lynch@exeter.ac.uk

Personality disorders; borderline personality disorder; emotion and emotion regulation; treatment resistant depression; dialectical behaviour therapy (DBT)

DR AVRIL MEWSE • 01392 724596 • a.j.mewse@exeter.ac.uk

Domestic violence; psychology of smoking; adolescent health and risk taking; psychology of debt; psychological issues around adoption, offender behaviour and drug use

PROFESSOR BRAHM NORWICH • 01392 724805 • b.norwich@exeter.ac.uk

Educational psychology; professional services; special educational needs

DR MARK PATERSON • 07813 729799 • m.w.d.paterson@exeter.ac.uk

Philosophy and psychology of touch; touch and the human-computer interface; 'haptics' and the technologies of touch; the senses in consumption and retail psychology

DR CASSANDRA PHOENIX • 01392 722861 • h.c.phoenix@exeter.ac.uk

Psychological effects of ageing on athletes; self-image in athletes; parents and grandparents as role models for younger family members

DR MICHELLE RYAN • 01392 725120 • m.ryan@exeter.ac.uk

Women in senior management positions, including the phenomenon of the 'glass cliff'; the gender pay gap; mentoring and networking; gender and stereotyping; the use of surveillance; group decision making; gender differences in psychology

DR ALAN SLATER • 01392 724595 • a.m.slater@exeter.ac.uk

Infant behaviour; child development

PROFESSOR ADRIAN TAYLOR • 01392 724747 • a.h.taylor@exeter.ac.uk

Exercise and mental health (anxiety, depression, mood); psychological factors influencing physical activity participation; experimental effects of exercise on cravings (eg, cigarettes, food, other substances)

PROFESSOR EDWARD WATKINS • 01392 724692 • e.r.watkins@exeter.ac.uk

Adult mental health in particular depression, bipolar disorder, anxiety; psychological treatments including cognitive therapy, CBT, behaviour therapy, self-help interventions; cognition and emotion including problem-solving, negative and positive thinking

DR HUW WILLIAMS • 01392 724661 • w.h.williams@exeter.ac.uk

Neuropsychology; neuropsychological rehabilitation; mood disorders, particularly after brain injury; post traumatic stress disorders; memory disorders; psychological aspects of neurological disorders; concussion injuries

PROFESSOR ANDY WILLS • 07540 754852 • a.j.wills@exeter.ac.uk

Conscious and unconscious learning; learning from mistakes; learning to see

DR MARK WILSON • 01392 722891 • mark.wilson@exeter.ac.uk

Sport psychology; influence of stress and anxiety on performance; eye-steering coordination in car driving including the influence of stress, distraction, alcohol and fatigue on driving performance

DR BRIAN YOUNG • 01392 723789 • b.m.young@exeter.ac.uk

Television advertising and children; television's effects on children; marketing to children; children and consumerism

RELIGION

Christianity

KAREN AYLWARD • 01392 724983 • k.s.j.aylward@exeter.ac.uk

Children's learning in religious education and children's religious thinking

PROFESSOR CATHERINE BRACE • 01326 371810 • c.brace@exeter.ac.uk

Methodism in Cornwall

PROFESSOR JOHN BRYANT • 01392 723791 • j.a.bryant@exeter.ac.uk

Relationship between science and religion, from the perspective of a Christian in science

PROFESSOR GRACE DAVIE • 01392 723302 • g.r.c.davie@exeter.ac.uk

Religion in Britain, Europe and the modern world

PROFESSOR TIM GORRINGE • 01392 724242 • t.j.gorringe@exeter.ac.uk

Interrelation between theology, social science, art and politics

PROFESSOR DAVID HORRELL • 01392 724288 • d.g.horrell@exeter.ac.uk

The Apostle Paul; New Testament letters; New Testament ethics; the Bible and the environment

DR LOUISE LAWRENCE • 01392 724433 • 07720 246690 •
l.j.lawrence@exeter.ac.uk

Biblical studies; anthropology; new testament; contextual readings of the bible reflected in the Texts of Land, Sea and Hope

DR MORWENNA LUDLOW • 01392 723278 • m.a.ludlow@exeter.ac.uk
 Early Christian history and theology 100AD - 500AD; ancient rhetoric - Christian and pagan; feminist readings of the church fathers; doctrine of the Trinity; eschatology

DAVID RHYMER • 01326 371895 • d.w.rhymer@exeter.ac.uk
 Interpretation of the Bible within church congregations; method and process in theological education; Methodism; the Church in Cornwall

DR CATHERINE RIDER • 01392 724318 • c.r.rider@exeter.ac.uk
 Religious and cultural history of Europe in the late Middle Ages; history of the Church's attitude to magic

DR CHRISTOPHER SOUTHGATE • 07780 686264 • c.c.b.southgate@exeter.ac.uk
 Relationship between science and religion; ecological and green theology

PROFESSOR ADRIAN THATCHER • 01392 724617 • 01752 704058 •
a.thatcher@exeter.ac.uk
 Reading the Bible

PROFESSOR ALEXANDRA WALSHAM • 01392 724319 •
a.m.walsham@exeter.ac.uk
 The Reformation; Catholicism and anti-Catholicism in 16th and 17th Century England; other aspects of religious and cultural history in the same period; the early printed book

DR MARK WYNN • 01392 724238 • m.r.wynn@exeter.ac.uk
 Philosophy of religion and philosophical theology

Islam

DR OMAR ASHOUR • 01392 724024 • o.ashour@exeter.ac.uk
 Radical Islamist movements

DR JONATHAN GITHENS-MAZER • 01392 723164 •
j.githens-mazer@exeter.ac.uk
 Radicalisation; Islamism in Britain; Jihadi terrorism; North Africa

DR GHADA KARMI • ghada.karmi@btinternet.com
 Muslims in Britain; conflict and peacemaking in Israel and Palestine

DR LEONARD LEWISOHN • 01392 724036 • l.lewisohn@exeter.ac.uk
 Islamic studies and Sufism; Christian-Muslim relations

PROFESSOR IAN NETTON • 01392 725259 • i.netton@exeter.ac.uk
Islamic theology and philosophy; Arabic and Islamic bibliography; comparative religion

PROFESSOR TIM NIBLOCK • 01392 427773 • t.c.niblock@exeter.ac.uk
Islamist political movements

DR SAJJAD RIZVI • 01392 724037 • 07769 702854 • s.h.rizvi@exeter.ac.uk
Islamic Studies including contemporary Islam and Islamism; Islamic intellectual history; Iran; Pakistan; Islam/Muslims in Britain; Shi'ism, Islamic philosophy

DR RUBA SALIH • 01392 725255 • r.salih@exeter.ac.uk
Gender and Islam in Europe; Islamic feminism; Iran; Pakistan; Islam/Muslims in Britain; Shi'ism; Islamic philosophy

Judaism

DR SIAM BHAYRO • 01392 724240 • s.bhayro@exeter.ac.uk
Bible; Semitic languages and the ancient near East; early Judaism and Jewish biblical exegesis; medicine in the Christian and Islamic orient

SCIENCE AND ENGINEERING

Astronomy/Astrophysics

PROFESSOR MATTHEW BATE • 01392 724126 • m.r.bate@exeter.ac.uk
Astronomy; astrophysics; space flight; star formation

PROFESSOR ANDREW GILBERT • 01392 725222 • a.d.gilbert@exeter.ac.uk
Fluid mechanics; solar physics

DR TIMOTHY HARRIES • 01392 724158 • t.j.harries@exeter.ac.uk
Astronomy; astrophysics; space flight

DR JENNIFER HATCHELL • 01392 725516 • j.hatchell@exeter.ac.uk
Origin and birth of stars; gas and dust clouds in our Galaxy

PROFESSOR TIM NAYLOR • 01392 724172 • t.naylor@exeter.ac.uk
Astronomy; astrophysics

DR FRÉDÉRIC PONT • 01392 725522 • f.pont@exeter.ac.uk
Astrophysics; extra-solar planets; stars

Biology

DR STEVEN BATES • 01392 725174 • s.bates@exeter.ac.uk

Molecular biology of fungal disease; medical mycology; biotechnology

DR STUART BEARHOP • 01326 371835 • 07881 818150 •

s.bearhop@exeter.ac.uk

Migration and foraging ecology of vertebrates, particularly birds; seabirds and fisheries; swans and geese; garden birds and bird feed

DR JONATHAN BLOUNT • 01326 371877 • j.d.blount@exeter.ac.uk

Coloration in the animal kingdom, including sexual ornamentation

DR ANNETTE BRODERICK • 01326 370400 • a.c.broderick@exeter.ac.uk

Migration, ecology and physiology of marine turtle populations

PROFESSOR JOHN BRYANT • 01392 723791 • j.a.bryant@exeter.ac.uk

Bioethical issues including GM crops, stem cells, cloning, genetic diagnosis; the relationship between science and religion, from the perspective of a Christian practicing science; the cell division cycle with particular emphasis on DNA replication

DR MICHAEL CANT • 01326 253771 • m.a.cant@exeter.ac.uk

Evolution of social behaviour in animals and humans; evolution of menopause and human life history

DR JAMES CRESSWELL • 01392 723779 • j.e.cresswell@exeter.ac.uk

Pollination; gene flow in agriculture; GM oilseed rape

DR DARREN CROFT • d.p.croft@exeter.ac.uk

Animal behaviour, specifically co-operation, sexual conflict and living in groups; fish behaviour

DR SASHA DALL • 01326 371860 • s.r.x.dall@exeter.ac.uk

Animal behaviour and evolutionary theory; how animals respond to danger and opportunities; how animals find food and mates, avoid predators and navigate; how animals learn about the world

PROFESSOR MATTHEW EVANS • 01326 370724 • 07980 856063 •

m.r.evans@exeter.ac.uk

Evolutionary biology; ecology; behaviour; aerodynamics; conservation

PROFESSOR RICHARD FFRENCH-CONSTANT • 01326 253729 •

r.ffrench-constant@exeter.ac.uk

Natural selection in insects

PROFESSOR TAMARA GALLOWAY • 01392 723436 • t.s.galloway@exeter.ac.uk

Biological and population level effects of environmental pollutants to humans and to wildlife

DR BRENDAN GODLEY • 01326 371861 • b.j.godley@exeter.ac.uk

Marine conservation; migration; marine turtles; endangered species; fisheries bycatch; climate change impacts on biodiversity; sustainable utilisation of wildlife

DR ALASTAIR HARBORNE • 01392 723784 • a.r.harborne@exeter.ac.uk

Coral reef biology and conservation

DR NICHOLAS HARMER • 01392 725179 • n.j.harmer@exeter.ac.uk

Drug design; bacterial sugars

DR NATALIE HEMPEL DE IBARRA • 01392 724610 • n.hempel@exeter.ac.uk

Animal behaviour; animal senses; biology of bees

DR DAVE HODGSON • 01326 371829 • d.j.hodgson@exeter.ac.uk

Biodiversity; population ecology; conservation management; sexual selection; mathematical ecology; statistics; climate change and ecology; parasites and disease

DR DAVID HOSKEN • 01326 371843 • d.j.hosken@exeter.ac.uk

Evolution; sexual selection; genital evolution; sperm competition; sexual conflict, male-female co-evolution; female multiple mating

PROFESSOR STEPHEN HUGHES • 01392 725133 • 07889 847641 •

s.g.hughes@exeter.ac.uk

Cloning/stem cells and surrounding ethical dilemmas; patenting and intellectual property in genetics and genomics; genetic modification; GM crop genomics and agricultural development

DR TETSUHIRO KUDOH • 01392 723473 • t.kudoh@exeter.ac.uk

Fish embryology; biosensor transgenic fish

PROFESSOR JENNIFER LITTLECHILD • 01392 723468 •

j.a.littlechild@exeter.ac.uk

Relationships between protein structure and function; protein engineering; molecular graphics and protein crystallography; commercial application of novel enzyme catalysts; white biotechnology

DR JOHN LOVE • 01392 725169 • j.love@exeter.ac.uk

Biofuels; day-length signalling in plants

PROFESSOR MARK MACNAIR • 01392 723791 • m.r.macnair@exeter.ac.uk

Evolution; gene flow; selection and genetically modified crops

DR JOAH MADDEN • 01392 725122 • j.r.madden@exeter.ac.uk

Animal behaviour, specifically sexual selection, cooperation, living in groups; bowerbirds; meerkats; cuckoos; pheasants

DR FIONA MATHEWS • 01392 723406 • 07977 137421 •

f.mathews@exeter.ac.uk

Mammal biology

PROFESSOR ALLEN MOORE • 01326 371883 • a.j.moore@exeter.ac.uk

Evolutionary aspects of sexual behaviour; parental care; sex differences and pheromonal communication

DR PATRICIA MOORE • 01326 371878 • p.j.moore@exeter.ac.uk

Reproductive strategies; sexual selection; sexual conflict

DR MARK RAMSDALE • 01326 269173 • m.ramsdale@exeter.ac.uk

Human fungal infections; Candida and thrush; fungal molecular biology

DR NICK ROYLE • 01326 371825 • n.j.royle@exeter.ac.uk

Conflicts over parental care in animals; parent-offspring communication in animals; long-term effects of environment experienced during growth and development in animals

PROFESSOR NICHOLAS SMIRNOFF • 01392 723756 • n.smirnoff@exeter.ac.uk

Plant responses to drought and extreme conditions; Vitamin C and other antioxidants in plants; plant biotechnology and GM plants; improving performance of crops

PROFESSOR GERO STEINBERG • 01392 723476 • g.steinberg@exeter.ac.uk

Microscopy; GFP; cell dynamics; plant pathogens; cell organisation; cell motility

DR JAMIE STEVENS • 01392 723775 • J.R.Stevens@exeter.ac.uk

Parasitology, evolution of parasitism; blowflies, medical and forensic entomology; population genetics and molecular ecology of salmon and trout; marine connectivity; genetic connectivity; marine protected areas

PROFESSOR NICHOLAS TALBOT • 01392 724673 • n.j.talbot@exeter.ac.uk

Molecular biology of plant diseases; cereal pathology; industrial applications of fungi; biotechnology; functional genomics; agricultural biotechnology; functional genomics; use of bioinformatics in the agricultural biotechnology industry; funding

DR CHRIS THORNTON • 01392 723776 • c.r.thornton@exeter.ac.uk

Invasive fungal infections of humans; biological control of soil-borne plant pathogens

PROFESSOR RICK TITBALL • 01392 725157 • r.w.titball@exeter.ac.uk

Bacterial pathogens of humans and animals; vaccines against infectious disease

DR TOM TREGENZA • 01326 371862 • t.tregenza@exeter.ac.uk

Sexual behaviour in animals; emergence of new species

PROFESSOR CHARLES TYLER • 01392 724450 • c.r.tyler@exeter.ac.uk

General biology of wildlife; ecotoxicology; mechanisms controlling reproductive development; endocrine disruption; pollution and impacts on the aquatic environment

DR MARK VAN DER GIEZEN • 01392 723483 • m.vandergiezen@exeter.ac.uk

Evolution; molecular biology; cell biology; human parasites; anaerobic life; mitochondria

DR NINA WEDELL • 01326 371863 • n.wedell@exeter.ac.uk

Sexual selection in insects; selfish genetic elements

DR BRYONY WILLIAMS • 01392 723425 • b.a.p.williams@exeter.ac.uk
Intracellular fungi

DR ROBERT WILSON • 01326 253769 • r.j.wilson@exeter.ac.uk
Effects of climate change on biodiversity; conservation of butterflies

DR ROD WILSON • 01392 724652 • r.w.wilson@exeter.ac.uk
Effects of environmental changes on fish (e.g. ocean acidification, freshwater acidification, toxic metals, eutrophication, invasive fish species); ecophysiology, ecotoxicology and behaviour of freshwater and marine fish

DR ROBIN WOOTTON • 01392 723753 • r.j.wootton@exeter.ac.uk
Insects; spiders; application of biological principles in engineering

DR RON YANG • 01392 723448 • z.r.yang@exeter.ac.uk
Bioinformatics; systems biology

DR ANDREW YOUNG • 01326 254241 • a.j.young@exeter.ac.uk
Cooperation and conflict in animal societies; altruism; social behaviour; stress in animals; social carnivores

Engineering

JOHN BOYLE • 01392 723653 • j.d.boyle@exeter.ac.uk
Water and air pollution; waste minimisation; waste disposal; pollution control and river modelling; design and control of process plant; environmental impact assessments; engineering aspects of biofilms; sewage treatment and disposal

PROFESSOR DAVID BUTLER • 01392 724064 • d.butler@exeter.ac.uk
Urban water management; water conservation and recycling; water pollution; flooding; sewerage; sewage treatment

DR STEPHEN CHILDE • 01392 723653 • s.j.childe@exeter.ac.uk
Manufacturing and operations management; sustainability of manufacturing

DR PETER CONNOR • 01326 371870 • p.m.connor@exeter.ac.uk
Renewable energy; policy and regulation relating to the use of renewable energy, including wind turbines and renewable energy sources of heat

DR SLOBODAN DJORDJEVIC • 01392 722079 • s.djordjevic@exeter.ac.uk
Flood risk management

PROFESSOR HYLKE GLASS • 01326 371823 • h.j.glass@exeter.ac.uk
Sampling; geostatistics; minerals processing; sensor-based sorting; near infrared analysis

PROFESSOR ROBERT HICKEN • 01392 724153 • r.j.hicken@exeter.ac.uk
Magnetic materials; magneto-optics and spintronics; ultrafast science; data storage technology

DR CLIVE LEE • 07971 606987 • a.j.c.lee@exeter.ac.uk

Biomechanics; biomaterials; total hip replacement; the Exeter Hip system

DEAN MILLAR • 01326 371833 • d.l.millar@exeter.ac.uk

Renewable energy, especially wave energy; mining engineering

DR LUKE SAVAGE • 01392 723698 • l.savage@exeter.ac.uk

Sustainable composites; natural fibres, resins; polymer recycling; plastics; composites; magneto optical diagnostics

PROFESSOR DRAGAN SAVIC • 01392 723637 • d.savic@exeter.ac.uk

Urban water infrastructure planning and management; asset deterioration modelling and rehabilitation planning; optimisation techniques for cost-effective design and operation of water systems

DR CHRIS SMITH • 01392 723652 • c.w.smith@exeter.ac.uk

Materials engineering; modelling (analytical and numerical) of physical properties; bioengineering; characterisation of materials

DR YUE WU • 01392 723685 • yue.wu@exeter.ac.uk

Complexity in manufacturing and the supply chains; lean manufacturing; manufacturing system simulation and evaluation; manufacturing system layout and optimisation

DR PHILIPPE YOUNG • 01392 723684 • philippe.g.young@exeter.ac.uk

Structural dynamics; biomechanics of head injury; orthopaedic implants; MRI/CT imaging techniques for medical and non medical applications; finite element methods; medical engineering

PROFESSOR DAVID ZHANG • 01392 7243641 • d.z.zhang@exeter.ac.uk

Manufacturing; e-manufacturing

Ethics and Philosophy of Science

PROFESSOR JOHN BRYANT • 01392 723791 • j.a.bryant@exeter.ac.uk

Bioethical issues including GM crops, stem cells, cloning, genetic diagnosis; the relationship between science and religion, from the perspective of a Christian in science

PROFESSOR JOHN DUPRÉ • 01392 725127 • 07814 380244 •

j.a.dupre@exeter.ac.uk

Conceptual and philosophical implications raised by genetic research; philosophical issues in microbiology and systems biology; reductionism; determinism; philosophical issues in evolution, especially human evolution; evolutionary psychology

DR CHRISTINE HAUSKELLER • 01392 725129 • c.hauskeller@exeter.ac.uk

Philosophy of biology, in particular genetics and stem cell science; global regulation of biomedicine; genetic anthropology and human identity; the moral status of the human embryo; chimera and human hybrids; translation from the laboratory into the clinic

PROFESSOR MICHAEL HAUSKELLER • 01392 722047 •
m.hauskeller@exeter.ac.uk

Human enhancement; transhumanism; interrelation between aesthetics and morality; allegedly 'irrational' moral concerns; moral concerns related to biotechnology; philosophy of art and beauty; scepticism and common sense

Nonlinear science; dynamical systems (chaos theory); complex systems theory

PROFESSOR TREVOR BAILEY • 01392 725223 • t.c.bailey@exeter.ac.uk

Applied statistics

PROFESSOR PETER COX • 07827 412572 • p.m.cox@exeter.ac.uk
Mathematical models for climate prediction

DR TIM JUPP • 01392 723642 • t.e.jupp@exeter.ac.uk
Climate modelling; applied mathematics; statistics

Physics

PROFESSOR BILL BARNES • 01392 724135 • w.l.barnes@exeter.ac.uk
Physics; light; nanotechnology; photonics; quantum mechanics

DR ANDREW GILBERT • 01392 723981 • a.d.gilbert@exeter.ac.uk
Fluid mechanics; solar physics

DR JULIAN MOGER • 01392 724181 • j.moger@exeter.ac.uk
Biophotonics

DR MIKHAIL (MISHA) PORTNOI • 01392 724154 • m.e.portnoi@exeter.ac.uk
Theoretical physics; optical properties of nanostructures; electronic transport in nanostructures; quantum devices; quantum theory; quantum physics; carbon nanotubes; graphene; statistical physics; condensed matter theory; low-dimensional systems; exactly-solvable problems

PROFESSOR ROY SAMBLES • 01392 724103 • j.r.sambles@exeter.ac.uk
Light; colour; liquid crystals; photonic surfaces

PROFESSOR GYANESHWAR SRIVASTAVA • 01392 724080 •
g.p.srivastava@exeter.ac.uk
Electrons; phonons; principles of surface physics; basic properties of nano materials; phononics

DR IAN SUMMERS • 01392 724083 • i.r.summers@exeter.ac.uk
Medical imaging; hearing and touch perception; virtual reality

PROFESSOR PETE VUKUSIC • 01392 722029 • p.vukusic@exeter.ac.uk
Physics; optics, photonics, structural colour in nature, butterflies; light and colour science

DR CHARLES WILLIAMS • 01392 724178 • c.d.h.williams@exeter.ac.uk
Physics; low temperature physics; quantum fluids; instrumentation

DR IAN SUMMERS • 01392 724083 • i.r.summers@exeter.ac.uk
Medical imaging; hearing and touch perception; virtual reality

PROFESSOR PETE VUKUSIC • 01392 722029 • p.vukusic@exeter.ac.uk
Physics; optics; photonics; structural colour in nature; butterflies; light and colour science

DR CHARLES WILLIAMS • 01392 724178 • c.d.h.williams@exeter.ac.uk

Physics; low temperature physics; quantum fluids; instrumentation

SOCIAL AFFAIRS

PROFESSOR ANNE BARLOW • 01392 723159 • a.e.barlow@exeter.ac.uk

Cohabitation
