

HALO TEST WEBSITE FOR ANDROID PHONE

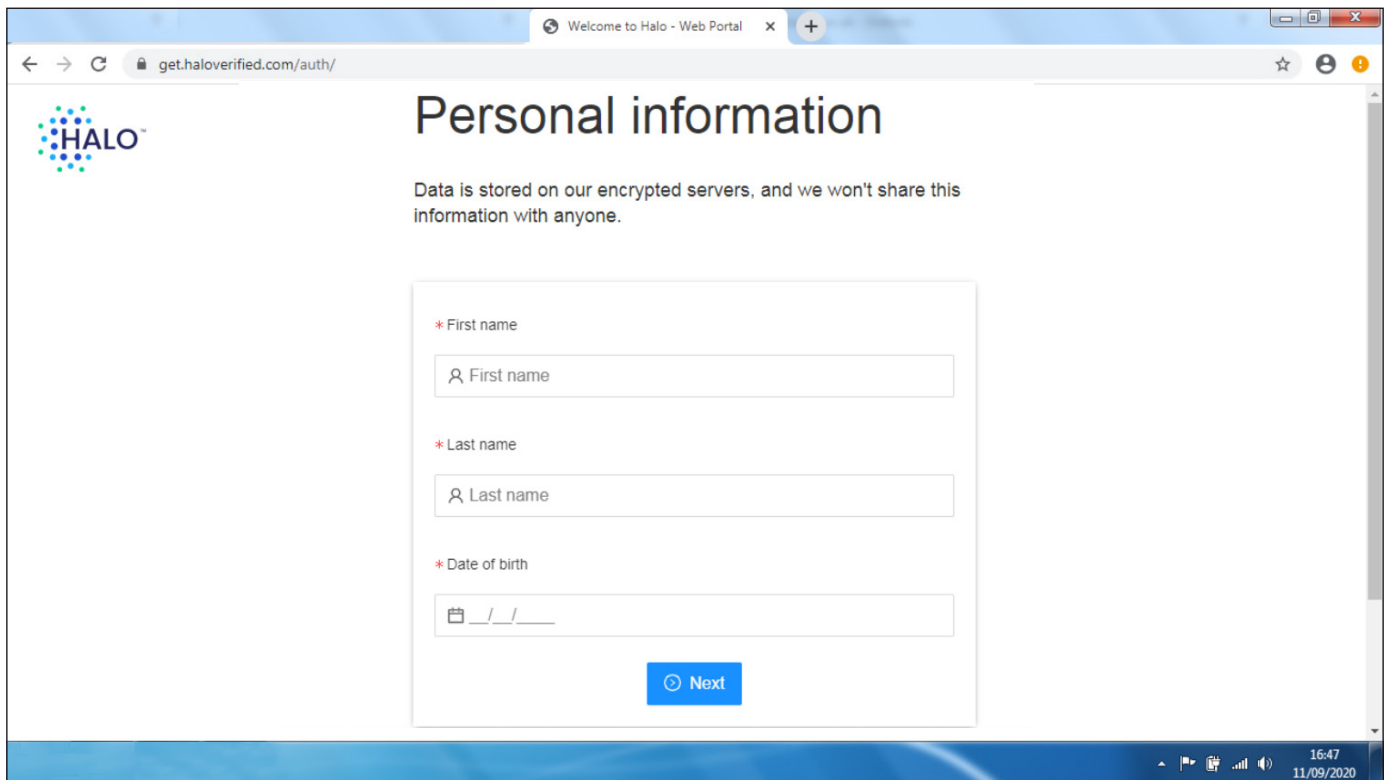

Click get.haloverified.com
to get started.

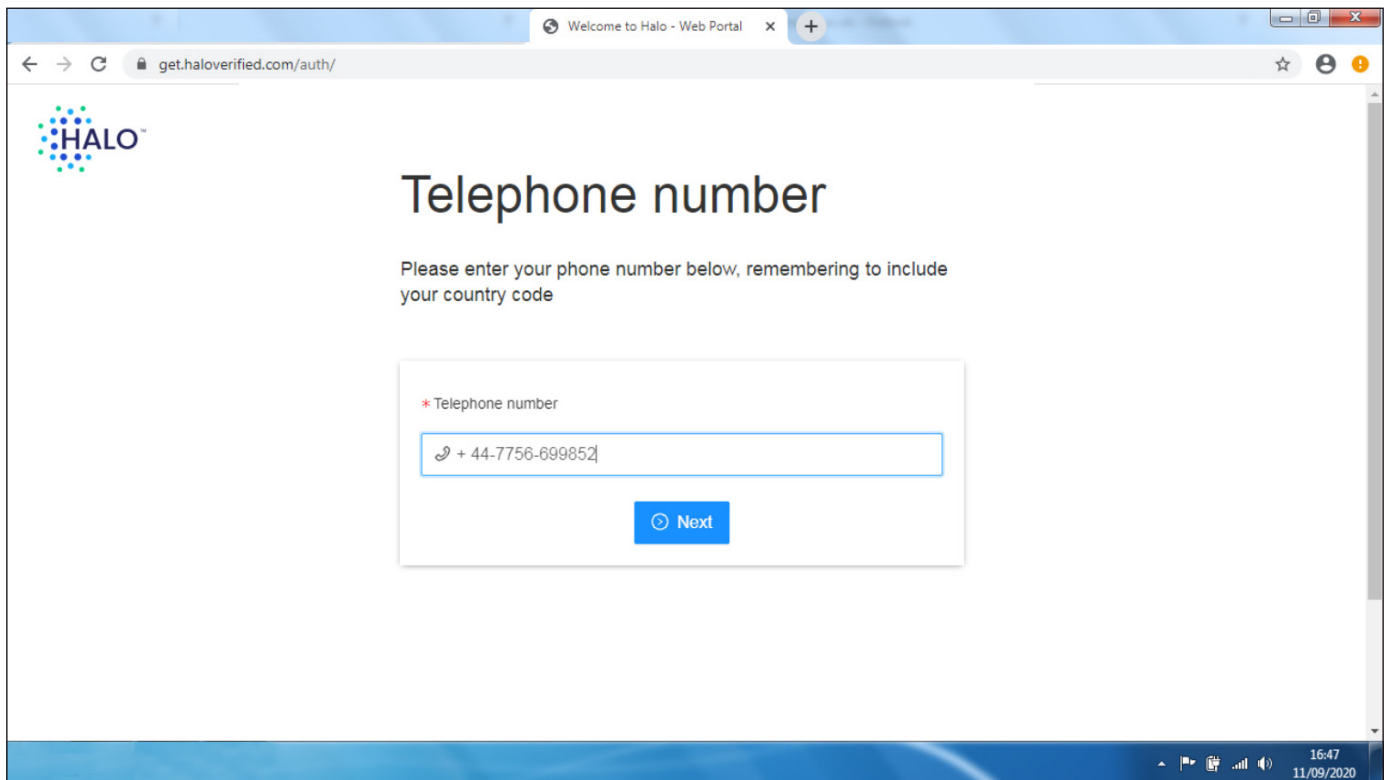

Please ensure you use your University of Exeter email address. You will receive an email confirmation; please check your spam folder if you haven't received the email.

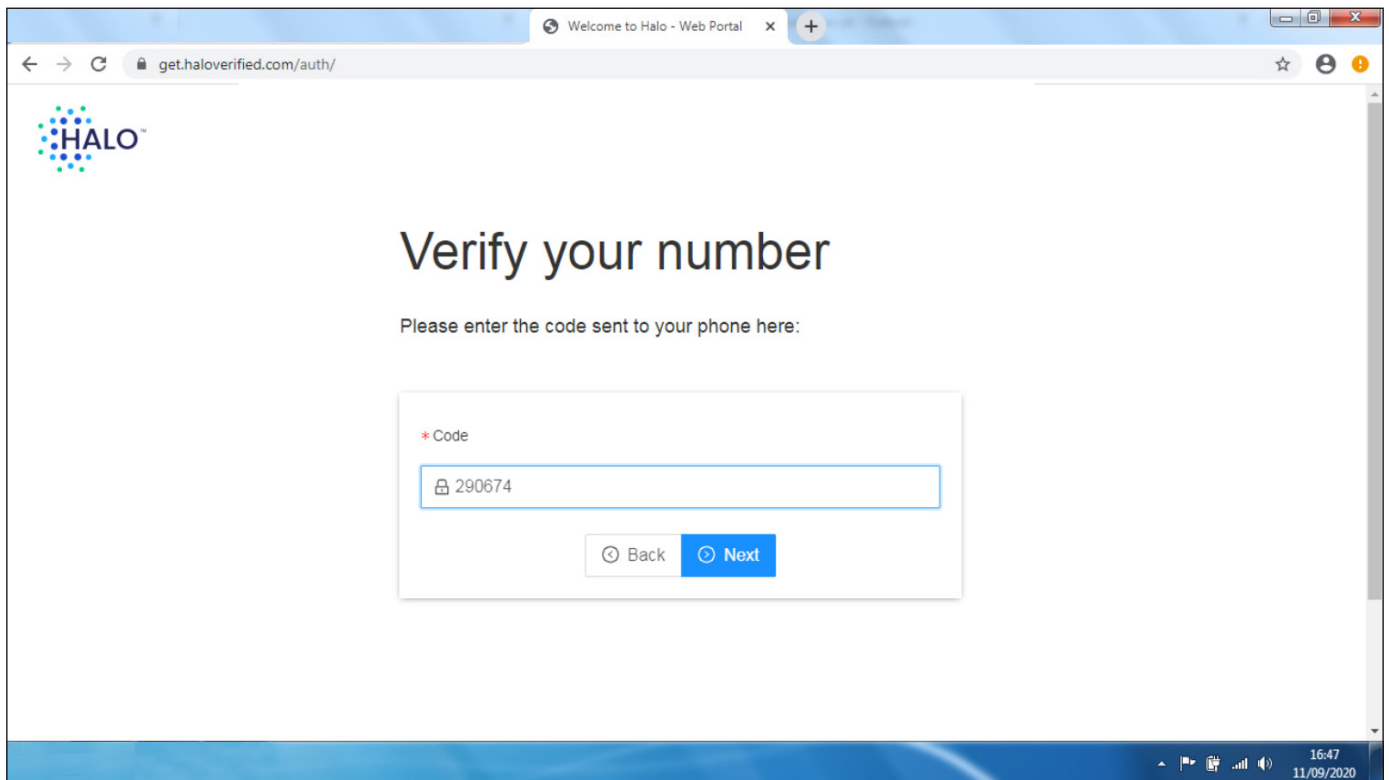

Enter your name, surname and date of birth.

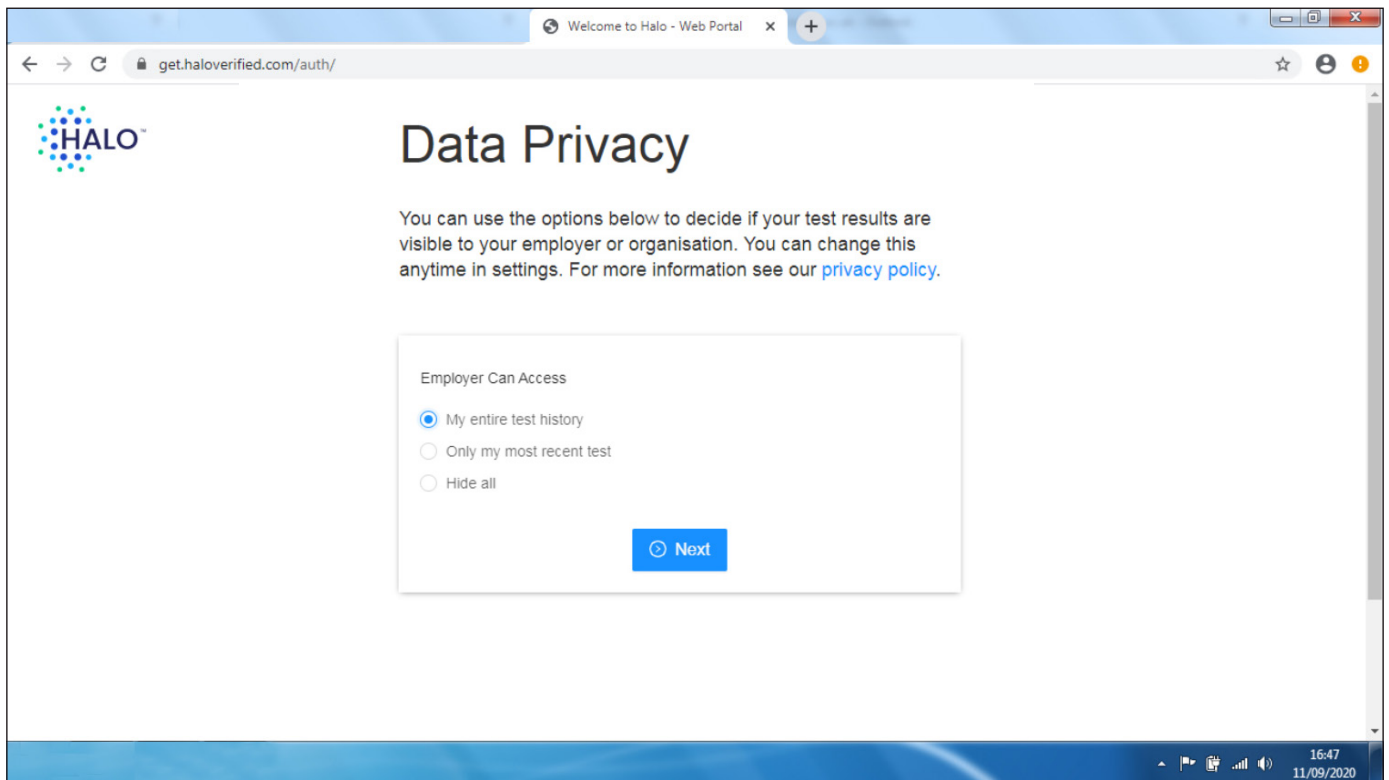

Enter your telephone number. In the UK, it is +44 at the beginning instead of a 0.

A text will be sent to your mobile. Enter the verification number on the website.

You will then be asked about Data Privacy. Please select 'My entire test history' if you consent for the University to view your results. This means the University can see if any areas are experiencing an outbreak and respond accordingly.
