

## University of Exeter Alumni Scholarship 2023/24 and Class of 2023 Progression Scholarship

The 2023/24 Alumni and Progression Scholarships for postgraduate programmes are worth 10% of first year tuition fees for students enrolling on a standalone taught Masters degree (e.g. MA, MSc, MFA) or research degree (e.g. MPhil/PhD) in 2023/24. Please note that the PGCE programme is not eligible for this award<sup>1</sup>.

Awards are available to all home and international University of Exeter alumni and finalists who have:

- graduated from an undergraduate or postgraduate degree awarded by the University of Exeter;
- completed an inbound Study Abroad semester/year at the University of Exeter;
- completed a credit-bearing University of Exeter International Summer School.

The scholarship award will be automatically applied to eligible postgraduate applicants enrolling for study in 2023/24. A separate application is not required.

You cannot receive more than one scholarship from the University of Exeter; if you are eligible for multiple scholarships you will be awarded whichever scholarship has the higher value. If your tuition fees will be financed by an external body (such as an overseas government or Chevening, Commonwealth or a partner Institution) with whom the University has a shared financing agreement this award may be invalidated or superseded with a different fee arrangement.

It is your responsibility to inform us if you are in receipt of any external funding prior to enrolment; please email a copy of the award letter to Admissions: [pg-ad@exeter.ac.uk](mailto:pg-ad@exeter.ac.uk)

If you defer your 2023/24 offer then your scholarship offer will be invalidated.

In the event that you withdraw or interrupt your studies post enrolment then the University Finance regulations at that date will apply as regards any repayment or other requirements: <http://www.exeter.ac.uk/students/finance/studentfinanceregulations/>

This scholarship will be awarded as a reduction in tuition fees; it cannot be paid as cash or attributed to other charges such as accommodation fees. It will be deducted automatically from your first year tuition fees upon enrolment. If you choose to pay your tuition fees in termly instalments, the award will be deducted from the total annual tuition fee and the remaining balance split accordingly.<sup>2</sup>

This award is not recurrent for subsequent years of study.

---

<sup>1</sup> Progression to a PGDip from a PGCert within the Clinical Education Development and Research (CEDAR) Centre is also excluded from this award.

<sup>2</sup> Any awardees studying part time will see the whole tuition fee deduction applied within their online student statement following registration.
