

University of Exeter Speaker and Event Policy V8

Aim

The purpose of this policy is to set out the University's requirements for booking out rooms and speakers for events, and booking guest speakers to attend or contribute to any University activity, whether on campus or external.

The University is committed to the protection of freedom of speech and academic freedom, alongside a duty of care to its staff, students and visitors. Freedom of Speech within the law will be protected. This freedom does not extend to allowing a speaker to commit a criminal offence, including those related to Hate Speech and Counter Terrorism legislation.

In order to fulfil that duty, the University has a responsibility to be aware of the context of events being held on campus or in its name. This policy ensures that this responsibility is met, and that the decision to allow or refuse an event is documented and transparent.

This policy also sets out the legal requirements for the arrangement of speakers and events to ensure that all staff and students undertaking this activity explicitly understand the obligations.

The University will always endeavour to allow an event go ahead, provided that it is within the boundaries of the law.

Key Objectives

The University is committed to the following key objectives and will have succeeded in the management of the Speaker and Event policy if:

- All events held at or in the name of the University are risk assessed, and if there is a concern have a documented approval recorded.
- Any event that goes ahead in breach of the policy or related regulation or legislation is reported and lessons learned.
- Any member of staff who breaches the policy is referred to the relevant University procedure, whether disciplinary or further training. Breach of legal obligations relating to the Counter Terrorism Act are required to be reported to the Local Authorities, and may also result in legal action.
- No event is refused that would have been delivered within the boundaries of the law and without threat to security, safety or University policy.

Scope

This policy applies to non-curriculum linked speakers, conferences, events and/or speeches and guest speakers held at or in the name of the University of Exeter, whether booked by University staff, students or external parties. This includes events held virtually via collaboration tools such as Zoom or Teams (not exhaustive).
