Aim
The purpose of this policy is to set out the University’s requirements for booking out rooms and speakers for events, and booking guest speakers to attend or contribute to any University activity, whether on campus or external.

The University is committed to the protection of freedom of speech and academic freedom, alongside a duty of care to its staff, students and visitors. Freedom of Speech within the law will be protected. This freedom does not extend to allowing a speaker to commit a criminal offence, including those related to Hate Speech and Counter Terrorism legislation.

In order to fulfil that duty, the University has a responsibility to be aware of the context of events being held on campus or in its name. This policy ensures that this responsibility is met, and that the decision to allow or refuse an event is documented and transparent.

This policy also sets out the legal requirements for the arrangement of speakers and events to ensure that all staff and students undertaking this activity explicitly understand the obligations.

The University will always endeavour to allow an event go ahead, provided that it is within the boundaries of the law.

Key Objectives
The University is committed to the following key objectives and will have succeeded in the management of the Speaker and Event policy if:

- All events held at or in the name of the University are risk assessed, and if there is a concern have a documented approval recorded.
- Any event that goes ahead in breach of the policy or related regulation or legislation is reported and lessons learned.
- Any member of staff who breaches the policy is referred to the relevant University procedure, whether disciplinary or further training. Breach of legal obligations relating to the Counter Terrorism Act are required to be reported to the Local Authorities, and may also result in legal action.
- No event is refused that would have been delivered within the boundaries of the law and without threat to security, safety or University policy.

Scope
This policy applies to non-curriculum linked speakers, conferences, events and/or speeches and guest speakers held at or in the name of the University of Exeter, whether booked by University staff, students or external parties. This includes events held virtually via collaboration tools such as Zoom or Teams (not exhaustive).

### Responsibility for Implementation

The Registrar and Secretary has overall accountability for the implementation of this policy. Accountability at College and Professional Service level is noted within the table below, which sets out the requirements of the policy.

</table>
must be completed and authorised by the relevant approver as set out within the risk assessment form.

4.4 Any managing actions identified should be recorded within the risk assessment form along with the approval.

4.5 If it is not clear whether the managing actions mitigate the risk, the risk assessment should be referred to the University Event Approval Panel for consideration.

4.6 Any conditions set by the approval panel must be taken into account before the booking can go ahead.

**b) Bookings initiating from students or staff**

4.7 Any bookings dealt with by Event Exeter for students or staff of the University may only be booked once the relevant approval process has been confirmed by that area. This includes:

i. Bookings made with regard to University Business (see section 3 of this policy)

ii. Bookings made by Student Groups or individual students (see section 5 of this policy)

4.8 Bookings may only be confirmed once confirmation has been received that the relevant process has been followed, the appropriate risk assessment has been completed (whether recorded or not) and any managing actions are in place.

4.9 Risk assessment forms for events/speakers referred and/or refused must be passed to the Compliance, Governance and Risk Directorate, to form part of the speaker and events information return to the regulator. It is the responsibility of the Head of the relevant Service (or equivalent) to ensure that this process is followed.

4.10 The event must be registered via the Event Summary Form, for central visibility of all events held on campus.

| Event Summary Form |
5 Bookings made by Students or Student Groups

a) Affiliated student groups

5.1 It is a requirement of the Student Guild and FXU respectively that all guest speaker and event bookings organised by their affiliated student groups must have the relevant standard risk assessment completed capturing high level details of the organiser, the speaker(s), any organisations that they represent, and the topic of the event and any health, safety and security requirements. Each organisation undertakes an internal review, and the University is informed about debate/speaker events.

5.2 If appropriate the University may escalate a risk assessment via the review system at point 6 prior to approval.

5.3 The risk assessment must be completed within the timeline set out by the Students' Union (see links →).

5.4 The event must be registered via the Event Summary Form, for central visibility of all events held on campus.

b) Non-affiliated student groups or individual students

5.4 If a booking is made by a student(s) who is not affiliated to either the Students Guild (Exeter) or FXU (Cornwall), the room bookings team will not confirm the booking unless a non-affiliated student risk assessment has been completed by the student(s). The Students’ Guild risk assessment advice may also be a useful resource.

5.5 The risk assessment must be submitted at least 10 days prior to the event.

5.6 Room Bookings will send the completed form to Prevent@exeter.ac.uk to assess whether controlling actions are required.

5.7 the booking may only be confirmed once approval has been provided from Prevent.exeter.ac.uk that either:
   a) the speaker/event can go ahead with no conditions attached
   b) the speaker/event can go ahead with specific conditions attached
   c) the speaker/event is refused.
   Where the response is (b) or (c), the reason for the decision will be stated in the response. There is a right to appeal against a refusal, see point 7

5.8 The event must be registered via the Event Summary Form, for central visibility of all events held on campus.

6 Referral Process for Events of Concern
6.1 If a speaker or event booked by any student, student body or member of University staff meets the criteria for an Event of Concern and managing actions identified cannot successfully mitigate, it must be referred to the Event Approval Panel for review.
6.2 The panel will assess based on the evidence provided to identify whether additional controls are required to allow the event to go ahead.
6.3 Depending on the circumstances of the event, input may be sought from one or more other bodies, as detailed within the Event Referral Procedure. In rare cases, it may be necessary to refuse a speaker or event in line with the University's duties relating to safety and safeguarding.
6.4 The final decision on whether a speaker/event will be approved or refused rests with the Registrar and Secretary. The panel will return a decision to the principle organiser in writing, confirming:
   d) the speaker/event can go ahead with no conditions attached
   e) the speaker/event can go ahead with specific conditions attached
   f) the speaker/event is refused.
   Where the response is (b) or (c), the reason for the decision will be stated in the response. There is a right to appeal against a refusal, see point 7

7 Appealing a Refusal Decision
7.1 Individuals have the right to appeal a refusal decision. An appeal must be submitted to Prevent.exeter.ac.uk by the principle organiser, stating the basis for the appeal.
7.2 The principle organiser should provide evidence to substantiate their assurance that the event/speaker should not be refused.
7.3 TA review will be undertaken by a nominee of the Provost, independent from the initial review panel.
7.4 A further decision will be provided in writing. If the event/speaker is still refused, the reason for the decision will be stated in the response.

8 Unauthorised Events
8.1 The University reserves the right to stop any event on campus that goes ahead without following the approval process set out within this policy.
8.2 If an event is stopped, all attendees must comply with the request of University staff to cease the event.
8.3 Event organisers must assist the University in the safe and orderly dispersal of attendees.
8.4 Sanctions may be applied to organisers of events that have not followed the correct process, including a ban on holding future events at the University.

9 Information Sharing with relevant bodies
9.1 The University of Exeter has a duty to share information with the Police and other Universities if it is legal and right to do so. This includes sharing information about speakers or events. This can apply to events:
   (i) that have been successful and effective
   (ii) that have breached or intended to breach legal obligations, particularly in relation to the legislation listed in the Scope section of this policy.

Standard monitoring and measurement criteria
Each College, Service, and Student Union will keep records of documented risk assessments and carry out an annual review to ensure that all elements of the policy are being implemented effectively. An annual summary of compliance and any necessary action plans required will be submitted to the Compliance, Governance and
Specifically the following will be measured:

1. The number of speakers/events that were referred to the event referral panel under this policy.
2. The number of referred speakers/events that were allowed with mitigation and the number of events that were refused, with the reason for refusal.
3. That External Speaker/Event Risk Assessments are completed correctly, stored and able to evidence declaration of compliance and valid reasons for the decision to allow or refuse where a concern was identified.
4. That a valid Local Information Sharing agreement is in place enabling sharing of information with relevant authorities and other institutions.
5. Evidence that if a serious incident has occurred under Counter Terrorism legislation, it has been assessed appropriately and reported to the Local Authority and to HEFCE within 10 days.
6. That regular and effective reporting has been provided to VCEG, and annually to Council to provide assurance of compliance.
