

2022 Entry

Foundation provider and pathway where differentiated	Medical Sciences (Including Neuroscience) One A and B in GCE AL Science Subjects, one must be Biology	Sports and Exercise Medical Sciences GCE AL Biology B and another science B	Medical Imaging GCE AL Science B	MSci Nursing GCSE Maths and English grade C
Abbey College Cambridge IFP (Science & Biomedicine Pathway)	65% overall, including 70% in Biology and 65% in one other Science. No module less than 60%.	70% overall, including 65% in Biology and one other Science. No module less than 60%.	65% overall, including 65% in Biology and no module less than 60%	65% overall, including 65% in Biology and no module less than 60%
Bath Academy Foundation	Pass in all modules and B overall including A in Biology and B in one other Science	A overall including B in Biology and one other science. No module less than B		
Bellerbys (Science)	65% incl. 70% in Biology and 65% in one other Science. Nothing less than 60%	70% average, including 65% in Biology and one other Science. Nothing less than 60%		
Brooke House College (University Foundation Programme)	65% overall with nothing less than 60%, to include Biology and another Science with 65% and 70%			
Cambridge Seminars College	80% (A) overall including 80% in Biology and 70% (B) in another Science. No academic module less than 70%	80% (A) overall including 70% (B) in Biology and one other Science. No academic module less than 70%		
CATS Colleges (Advanced Foundation)	As per A-levels Guaranteed progression for CATS applicants (upon meeting entry requirements)	As per A levels Guaranteed progression for CATS applicants (upon meeting entry requirements)		
David Game College	70% overall, including 75% in Biology and 65% in another Science. Nothing less than 65%	75% overall, including 70% in Biology and 65% in one other Science. Nothing less than 65%	65% overall, including 65% in Biology and no module less than 60%.	
Durham ISC (Humanities, Law and Social Sciences)		70% overall, nothing less than 60%.		
EF University Preparation Abroad	70% average, including 65% in Biology and one other Science. Nothing less than 60%	70% average, including 65% in Biology and one other Science. Nothing less than 60%	70% average, including 65% in Biology and one other Science. Nothing less than 60%	
International College Portsmouth (Navitas)	70% average, including 65% in Biology and one other Science. Nothing less than 60%	70% average, including 65% in Biology and one other Science. Nothing less than 60%	70% average, including 65% in Biology and one other Science. Nothing less than 60%	65% overall, including 65% in biology and no module less than 60%
INTO London World Education Centre (International Foundation Programme (Science and Engineering))	65% overall, including 70% in Biology and 65% in one other Science. Nothing less than 60%	70% average, including 65% in Biology and one other Science. Nothing less than 60%		
INTO Newcastle (Biological and Biomedical Sciences)	65% overall, including 70% in Biology and 65% in one other Science. Nothing less than 60%	70% average, including 65% in Biology and one other Science. Nothing less than 60%		
INTO Queen's University Belfast (IFP Engineering and Science (IFPES))	65% overall, including 70% in Biology and 65% in one other Science. Nothing less than 60%	70% average, including 65% in Biology and one other Science. Nothing less than 60%	65% overall, including 65% in Biology and no module less than 60%	65% overall, including 65% in Biology and no module less than 60%
INTO UEA (IFP Pharmacy, Health and Life Sciences)	65% overall, including 70% in Biology and 65% in one other Science. Nothing less than 60%	70% average, including 65% in Biology and one other Science. Nothing less than 60%	65% overall, including 65% in Biology and no module less than 60%	65% overall, including 65% in Biology and no module less than 60%
Kaplan (Science Foundation Certificate)				
International Colleges: York, Bournemouth, Brighton, Liverpool, Nottingham, Nottingham Trent, Glasgow, University of the West of England	65% overall, including 70% in Biology and 65% in one other Science. Nothing less than 60%	65% overall, including 70% in Biology and 65% in one other Science. Nothing less than 60%		
King's College London (International Science Foundation)	65% including 70% in Biology and 65% in one other Science. Nothing less than 60%	70% average, including 65% in Biology and one other Science. Nothing less than 60%		
Kings Education (Advanced Level Foundation)	65% overall, including 70% in Biology and 65% in one other Science. Nothing less than 60%	65% overall, including 70% in Biology and 65% in one other Science. Nothing less than 60%	65% average, including 65% in a Science. Nothing less than 60%	
Loughborough College (International Foundation Programme Science and Engineering or Sports Pathway)	70% overall, including 70% in Biology units 8 and 16 (Human Systems Anatomy and Physiology; Cell Biology, Biochemistry and Genetics). Nothing less than 65%	70% overall, including 70% in Biology units 8 and 16 (Human Systems Anatomy and Physiology; Cell Biology, Biochemistry and Genetics). Nothing less than 65%		
NCUK	Equivalent to A-Level grades. Must include A in Biology and B in another science EAP minimum B overall, C in all subskills	Equivalent to A-Level grades. Must include A in Biology and B in another science EAP minimum B overall, C in all subskills	Equivalent to A-Level grades. Must include B in another science EAP minimum B overall, C in all subskills	Equivalent to A level grades; EAP grade A overall, with B in all subskills GCSE Maths or equivalent and English Language requirements must be met. Interview required as part of process. Occupational health clearance and UK DBS clearance and a police clearance from "home" country also part of requirements
On Campus London (Life Sciences)	65% overall including 70% in Biology and Biochemistry. Nothing less than 60%	70% overall, including 65% in Biology and Biochemistry. Nothing less than 60%.		
Oxford Brookes University (International Foundation Plus)	Grade B (65%+) overall, including A (70%) in Biology and one other Science at Grades A (70%+) and B (60%+)	70% average, including 65% in Biology and one other Science. Nothing less than 60%		
SOAS				
St Andrew's College Cambridge (Science Foundation)	65% including 70% Bio + 65% in one other science. Nothing less than 60%	70% average to include 65% in Biology and one other science subject and with no module less than 60%.		
Surrey ISC (International Foundation Year in Life Sciences)	65% overall including 65% in a science. Nothing less than 60%.	65% overall including 65% in a science. Nothing less than 60%.		
UCL (Science and Engineering)	65% overall, including 70% in Biology and 65% in one other Science. Nothing less than 60%	70% average to include 65% in Biology and one other Science subject. Nothing less than 60%		
University of Leeds IYO (first year entry only)	70% overall, nothing less than 60%.	70% overall, nothing less than 60%.		
University of Kent	65% overall, including 70% in Biology and 65% in one other Science. Nothing less than 60%	70% average to include 65% in Biology and one other Science subject. Nothing less than 60%		
University of Sheffield International College - Foundation Year in Science and Engineering	(Biological and Life Sciences Pathway Only) 65% overall, including 70% in Biology and 65% in one other Science. Nothing less than 60%			
University of St Andrews - IYO Science	1st Year Entry: 14/20 Overall, including 14/20 in BL1101 Biology 1, and 11/20 in another 20-credit science module. No module less than 11/20	1st Year Entry: 14/20 Overall, including 11/20 in BL1101 Biology 1, and 11/20 in another 20-credit science module. No module less than 11/20.	1st Year Entry: 12/20 Overall, including 11/20 in a 20-credit science module. No module less than 11/20.
