- Resources

I love

my electronic pipette
because it protects
me from pain.

Industrial microscopes at
the forefront of optical and
technological innovation

Nikon Shuttlepix

- Wide magnification range from 25x up to 400x
- Portable Digital Message "handy" image capture in any location
- Size of an

Nikon SMZ1270 Stereo Zoom

- Highest in-line Zoom Rate 100x in 10s
- Wide range of accessories
- Ergonomic design
- Intelligent zoom SMZ1270

SEM Microscope

- Easy image acquisition
- High and low vacuum mode
- Available as standard
- or handy

Where idea's happen

The infographic features various scientific icons: a microscope, a DNA helix, a beaker, a plant, a globe, and a person working in a lab. It also includes a small image of a building and a person in a lab coat.
