COLFUTURO-AYUDAR SCHOLARSHIP

For talented future leaders from Colombia

To reward international talent on any Exeter Masters course, we are offering the Colfuturo-Ayudar Scholarship to leading students from Colombia who will use the expertise gained from the programme to make a positive social, business or environmental impact in Colombia.

It is a joint award combining a Colfuturo loan/scholarship with an Exeter scholarship generously funded by the Ayudar Foundation, especially to support the development of Colombian students studying a full-time Masters course at Exeter.

The combined award covers the cost of the international tuition fee plus a substantial living allowance.

HOW TO APPLY

1. Submit your academic application to Exeter
2. Receive your conditional or unconditional offer of study (please allow up to two weeks for your application to be processed)
3. Submit your scholarship application to Colfuturo between 8 January - 28 February 2019

To be eligible for funding you must be born in Colombia. You must also meet Exeter's academic and English language requirements.

For more information about entry requirements and the range of scholarships available at the University of Exeter visit:
