Future Leaders Summer School

The realities of global business have changed and to navigate them successfully, organisations need resilient workforces and capable leaders.

The Future Leaders Summer School programme, delivered in partnership with the University of Exeter's Environment and Sustainability Institute at our Penryn Campus in Cornwall, is designed to equip you with the fundamental knowledge and skills needed to become a future leader in the modern workplace.

Learn about **cutting-edge topics** informed by the University of Exeter's expertise in the areas of leadership, sustainability, and digital technology.

Become immersed in **partner-based learning with local organisations** at the forefront of circular economy innovation.

Take part in **'live' challenges** faced by business, strong analytic training, graduate skills-building workshops and networking sessions.

Engage in **co-curricular learning** through social events, day trips and outdoor activities making your Summer School experience both topical and playful.

Benefit from **modern facilities** and accommodation.
