# Your Moving In Checklist

To help you feel prepared when you arrive at University, here's a rough guide to what you'll need to bring.

## TO GET YOU STARTED

Don't feel you need to bring everything with you at once, just a few basic essentials will do.

There are a range of shops on campus, in the city and online to buy the other things you need once you've moved in.

Please check opening times before visiting – in particular, some shops close around 16:00 on Sundays.

## IMPORTANT DOCUMENTS

You might need to bring some important documents with you, such as:

- ☑ Photographic ID
- ☑ Your visa, financial or medical documents
- ☑ Logins to online information, such as your **TV license** (you'll need one to stream live TV) or online banking etc.

### Settling In

To help make your university space feel like home, why not bring some things that feel personal to you? Anything from photos in frames, posters for your noticeboard, to books you love and a blanket to feel cosy.
