INTRODUCTION

Delivered Hospitality (Fresh Ideas) is here to provide a gold standard click and drop delivered hospitality service on our University of Exeter Campuses. Catering for all occasions, from departmental meetings and celebrations through to larger scale buffets, breakfasts and afternoon treats, our foodservice strives to support and enhance the work of the University and its partners.

OUR PROMISE:

To make our customers the focus of everything we do

To provide a timely, professional and credible service

To provide value for money at every opportunity

To support the University's sustainability efforts by following our sustainability policy

For fully managed events, our colleagues at [Event Exeter](#) are on hand to assist you from start to finish. Event Exeter provide a range of services for events on or off campus.

The team co-ordinate the foodservice and all aspects of your event from venue sourcing to booking meeting space and arranging staffing, taking the organisational responsibility pressure out of your planning process. They will manage the costs of the event, charging you afterwards as part of their service.

If you would like a simpler option, our [Fresh Ideas](#) click and drop service style makes it easy for your meetings and events. We will deliver to your chosen location and collect following your event. We ask you to lay the order out to your preference, and pack it up again ready for collection. (Please be sure to check our Room Delivery Guide and [T&C's](#) for any location restrictions)

SUSTAINABILITY AND FAIRTRADE

The University Catering and Retail Team, take our environmental responsibilities seriously. In alignment with the University's climate change emergency declaration, we are continually seeking innovative ways to reduce our carbon footprint and enhance [sustainability](#).

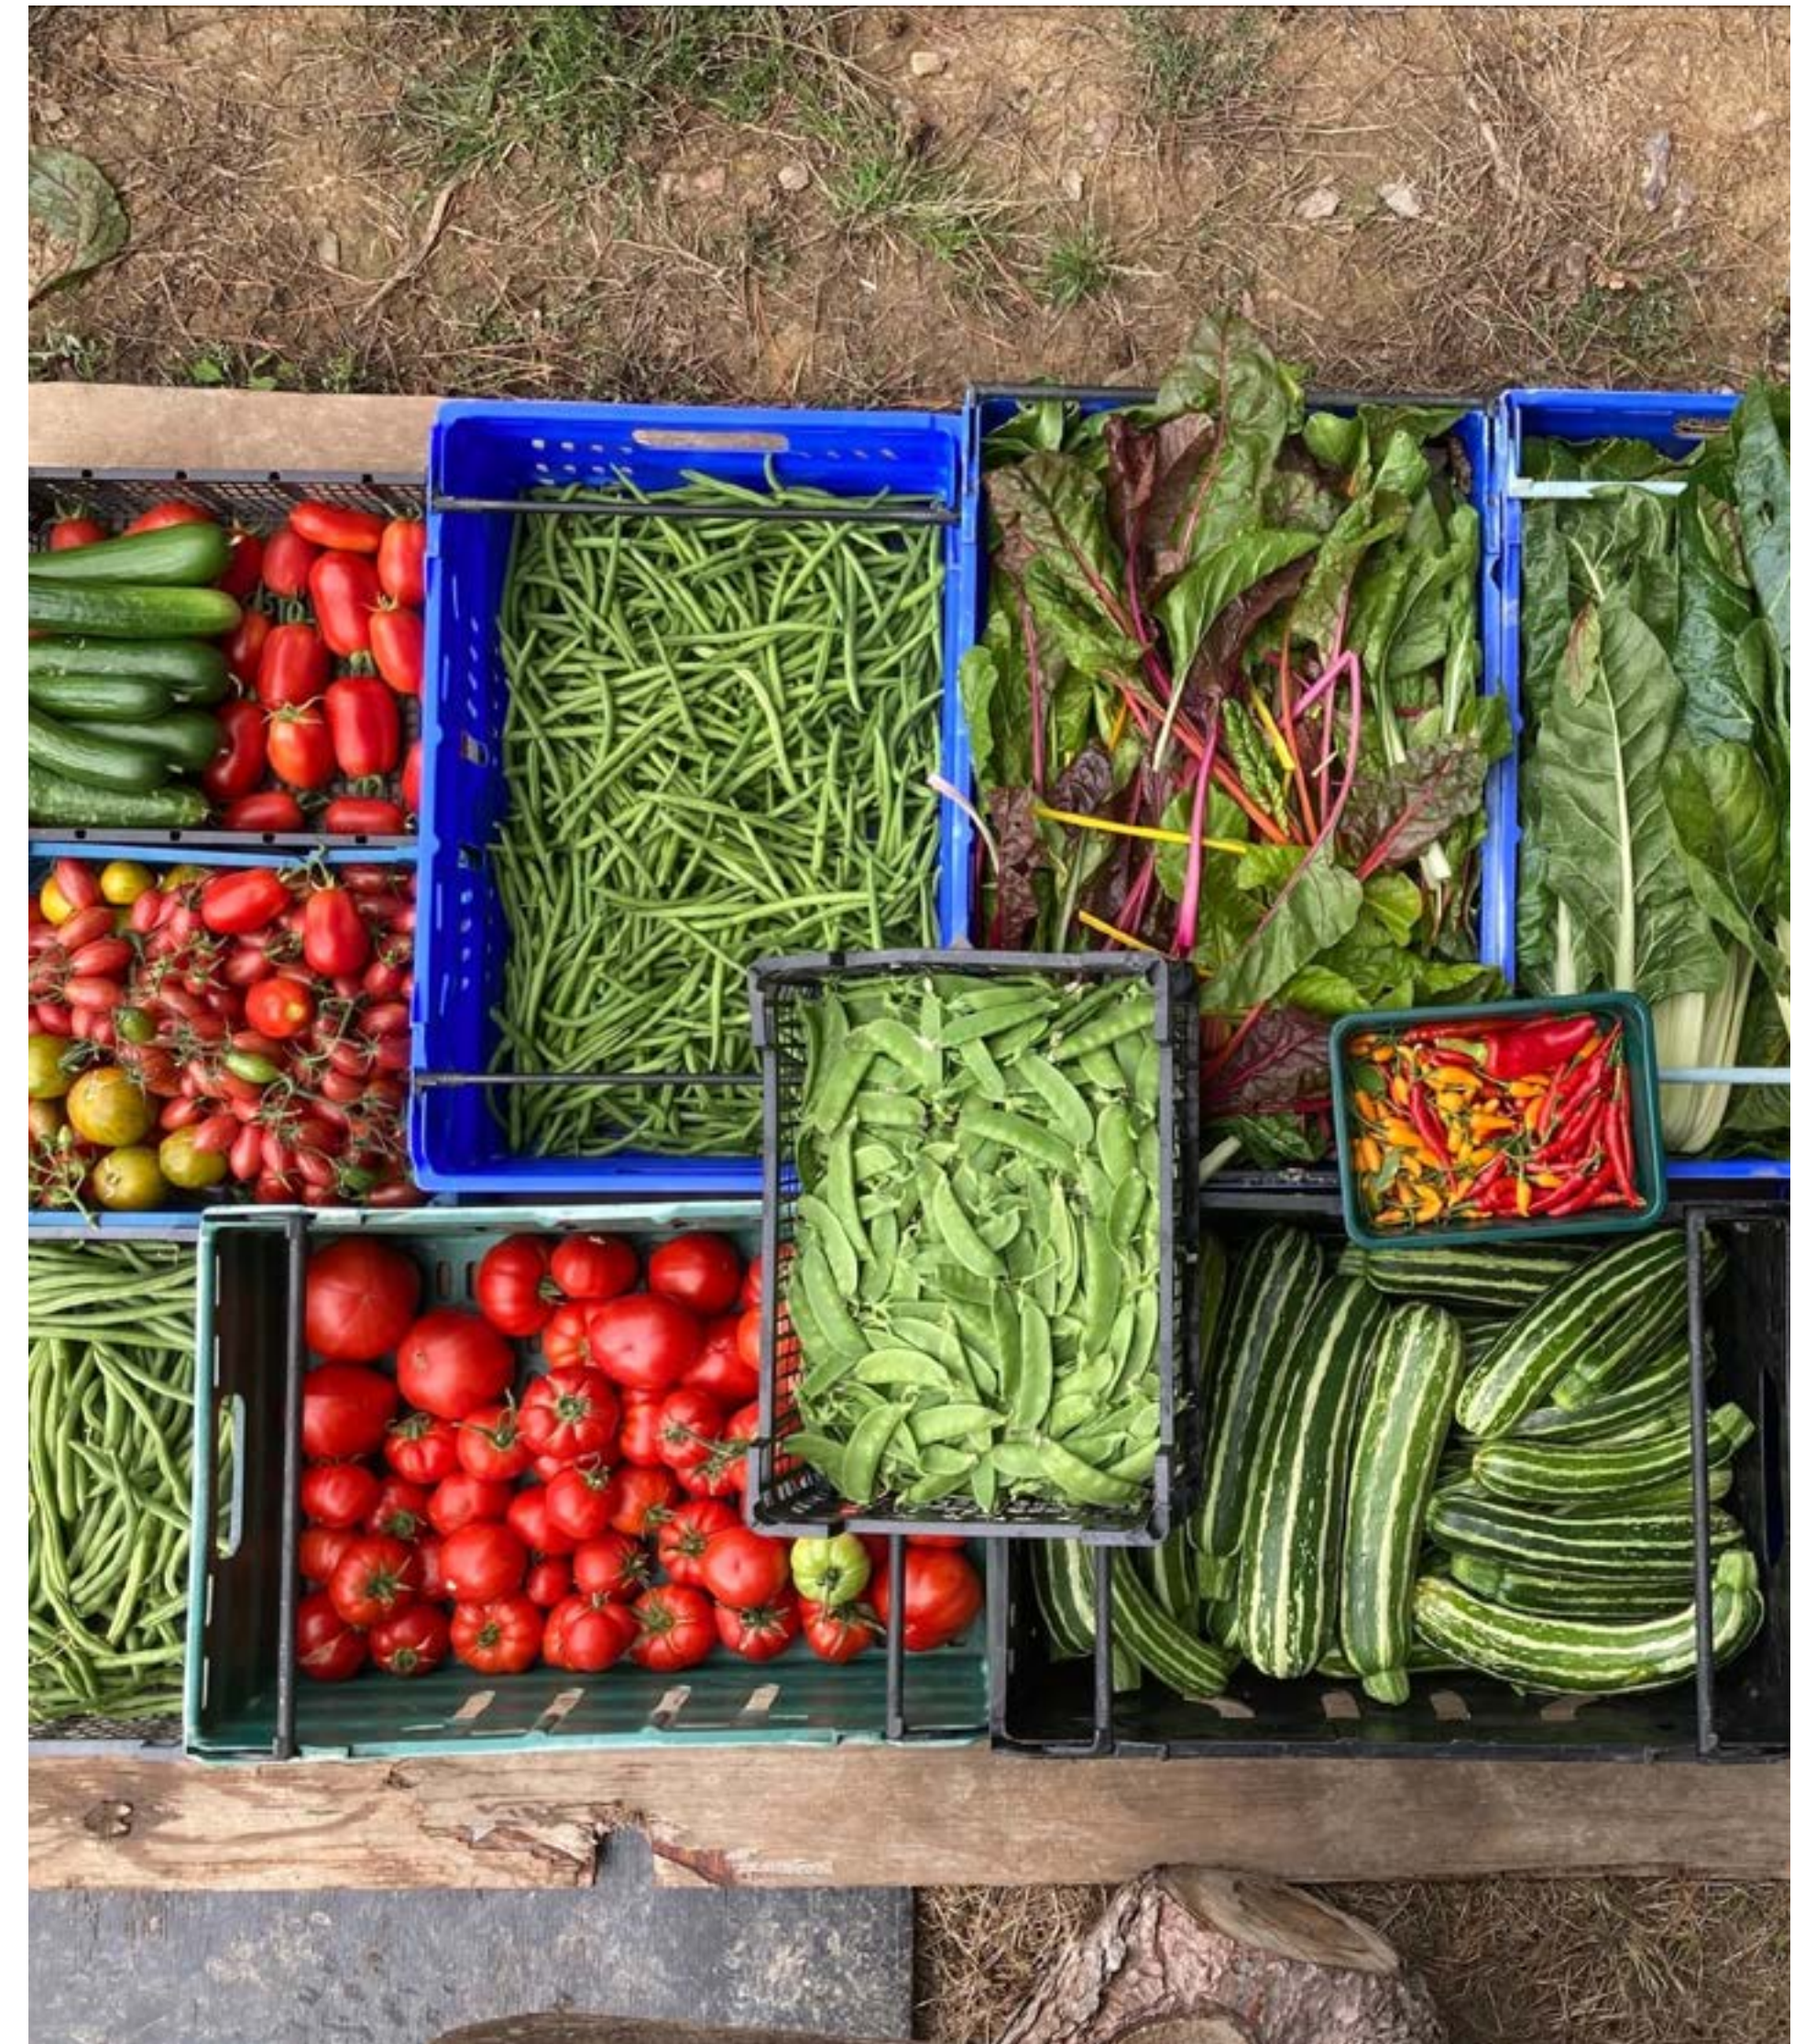

One of our most significant achievements has been transitioning to electric vehicles for our delivered foodservice, leading to a substantial reduction in emissions.

We carefully select [suppliers](#) who share our commitment to sustainability and are proud to partner with a range of local and eco-conscious producers, including Honeybuns, Exploding Bakery, MC Kelly Elston Farm, Shillingford Organics, Frobishers, Healeys, Sharpham Wines, Cornish Dairy Co., Burts Crisps, and Clipper Teas.

We are committed to supporting, using and promoting [Fairtrade](#) within Fresh Ideas Delivered Hospitality. All our hot drinks and sugar are Fairtrade-certified, and we have recently introduced SAAM Fairtrade wine to our selection, reinforcing our dedication to ethical sourcing. [You can find more information here.](#)

We are continuously advancing our sustainability initiatives and exploring new ways to implement greener practices. Our collaboration with the Grounds Team has expanded the [Kitchen Garden](#), incorporating both traditional planting and hydroponics to supply fresh, campus-grown produce year-round. This initiative has been key in promoting hyper-local, sustainable food, with further expansion planned.

As proud members of the [Sustainable Restaurant Association](#), we were delighted to achieve a three-star rating-the highest possible-under the SRA Food Made Good Sustainability Standard. This recognition reflects our commitment to responsible sourcing, community engagement, and environmental stewardship, underscoring our ongoing efforts in reduction, reuse, and recycling.
